St. Mark's Pre-School maintains a website ([www.stmarkspreschooleaston.com](http://www.stmarkspreschooleaston.com)) describing the operation of the school, providing information for the public and for parents. The website includes numerous pictures of our students at work and at play. We like to change the pictures occasionally to reflect seasonal as well as on-going activities. Our policies are: to use group pictures, to avoid the use of any portrait-like pictures of a single child, and not to name the individuals in a picture.

*If you do **not** want any pictures of your child(ren) to appear on the website, please sign this form and indicate the name(s) of your child(ren) to be excluded from pictures on the website..*
